SKILLS

- **Languages:** C++, JavaScript, C, PHP, Python, JAVA
- **Frameworks:** HTML and CSS, NodeJS, Express.js, React, Tailwind CSS
- **Tools/Platforms:** MySQL, MongoDB, Firebase
- **Soft Skills:** Stress Management, Teamwork, Communication Abilities, Leadership Qualities, Time Management

PROJECTS

- **Centrion- AI Powered Task Management and Collaboration Platform:**  February 2026 – March 2026
 - Architected a comprehensive full-stack project management suite featuring interactive Kanban boards, highly customizable task workflows, and real-time workspace synchronization.
 - Integrated an AI-driven generation engine to automatically extract actionable tasks from unstructured meeting notes and dynamically construct complete project board architectures.
 - Deployed secure role-based access control alongside live data updates via Socket.io, complete with dynamic productivity heatmaps and actionable analytics dashboards for tracking team efficiency.**Tech Stack:** JavaScript | React.js, Node.js, Express.js, MongoDB, Socket.io, Tailwind CSS
- **DISMAT- Disaster Material Tracking System:**  October 2025 - December 2025
 - Designed a complete **disaster-relief supply lifecycle** encompassing warehouse intake, stock availability monitoring, dispatch processing, field-level delivery tracking, and public transparency.
 - Implemented **hierarchical role-based operations** for SuperAdmin, Admin, Warehouse Manager, NGO, Volunteer and Field Worker with approval-based onboarding and restricted system access.
 - Enabled **real-time disaster intelligence** using interactive map visualizations, automated disaster data feeds, public safety advisories, and emergency incident reporting mechanisms.**Tech Stack:** JavaScript | React.js (Vite), Node.js, Express.js, MongoDB Atlas, Leaflet (OpenStreetMap), JWT Authentication
- **DocOn- A Doctor Appointment Booking WebApp:**  July 2025 - August 2025
 - Developed a **Doctor Appointment and Consultation** web application enabling patients to book slots, consult online via chat, voice, and video, and receive digital prescriptions.
 - Established **appointment scheduling, queue management, and online consultation features.**
 - Built **role-based authentication** for admin, doctor, receptionist, and patient users with secure real-time data management using Firebase Firestore**Tech Stack:** HTML5, JavaScript, React.js, Firebase

TRAINING

- **Data Structures Algorithms | CipherSchools:**  June 2025 - July 2025
Mental Health Support Chatbot
 - Applied **hash maps, queues, and arrays** to detect emotional keywords, manage conversational flow, and generate empathetic responses efficiently.
 - Strengthened understanding of **algorithmic problem-solving and OOP principles** by designing modular chatbot components for emotion analysis, response selection, and user state tracking.
 - Improved skills in **menu-driven interaction, conditional logic, and data-structure-based decision making** to ensure safe, context-aware, and user-friendly conversations.**Tech Stack:** C++, DSA, OOP, Hash Maps, Queues, Arrays, Conditional Algorithms

CERTIFICATES

- Computational Theory: Language Principle & Finite Automata Theory by GFG |  August 2025
- Human Computer Interaction by NPTEL |  April 2025
- Data Analysis with Python by IBM |  February 2024
- Responsive Web Design by FreeCodeCamp |  October 2023

EXTRA-CURRICULAR ACTIVITIES

- Bharat Tech Xperience Hackathon 2.0 by GDG February 2025
- Jio Games Master Challenge February 2025
- SAMVAAD 2.0- Public Speaking September 2024

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 6.75 August 2023 - Present
- **Radha Madhav Public School** Bareilly, Uttar Pradesh
Intermediate; Percentage: 94.3% April 2020 - March 2021
- **Radha Madhav Public School** Bareilly, Uttar Pradesh
Matriculation; Percentage: 91.4% April 2018 - March 2019
